Dave Marquard from the Department of Environmental Services addressed Committee. Mr. Marquard stated the rate would go from a flate rate to a user rate incrementally over a period of three years. Gloria Rodgers requested figures on paper to see what is being changed. Tim Crawford stated that Tallmadge has always been an area where sewers are an issue and asked if this contract will be universally applied to other communities? Dave Marquard said yes, that would be possible if the situations were similar. Mr. Marquard also pointed out that Tallmadge will be doing the work for the County regarding billing costs and that the County does not maintain Tallmadge's sewer. Jason Dodson said this allows the County to pick up two areas on the map (handed out for Committee) and Tallmadge will pay for the flow from these two areas. This will equalize the rates amongst individuals.
